VOL 1 ISSUE 4 SUMMER 2019

At Beechfield Manor, so far, we have had a wonderful Summer. We had some nursing home parties, live music, special events and daily activities during the week. It is our aim to give our residents every opportunity to live a fulfilled life. These activities were focused on our residents and their families.

See some of the fun events with some pictures.

Main Events

Cocktail (Mocktail) Party

14th June

To celebrate we had a mock tale Cocktail party day for residents and their families. The place was filled with fun and lots of love. We created an environment of positivity and good music. All the residents where given a trophy and medal for their individual talents to acknowledge all their achievements. Family members came to support them.

July Sunbathing in the patio

Taking advantage of the good weather.

On many afternoons, residents and their families enjoyed the good weather and the nice views.

August

We enjoyed football GAA, Horse racing and summer BBQ Parties.

Summer is a perfect time to enjoy sports.

We were supporting the races and football matches with flags and decorations around the Nursing Home and watching the football matches on TV.

Summer BBQ Party

Beechfield Manor Nursing Home

All Residents, Family and Friends Welcome !

On the 16th Of August, we had a Summer Party with family and residents at Beechfield Manor. We organised a big celebration with an established opera singer who performed for our residents and sang along with our residents who like to sing.

We love a good party at Beechfield and we always celebrate our resident's birthdays with some delicious birthday cake and of course a bit of ceol agus craic! Staff and residents sing together and take photos to have memories of their day. Family and friends are always more than welcome along. There is quite a gathering.

Two beautiful ladies

WOOLY FARM

On the 1st of August we had the pleasure to welcome the Woolly Farm to our Nursing Home. The Woolly farm was an opportunity to bring different generation members of families together to share with their grandad and grandma, a positive experience. All generations enjoyed the animals.

Residents and their families enjoyed the visiting woolly farm as they were able to pet rabbits and Guinea pigs on their laps and pet goats and the little pig "David" and a lama. The animals work wonders for residents as they

seem to really relate to them. Staff and residents and their families all enjoyed the day.

Flower Arranging

Residents really enjoy the flower arranging. Residents and their families have been enjoying the flower arranging together

Women's night

We have the pleasure to create a women's night once a month. Here the lady residents can share their ideas and backgrounds. It is a perfect opportunity to introduce new residents in to the group.

The point of the group is to create a good environment and safe atmosphere. They can choose to have a chat, listen to the music or simply share pictures and memories. The ladies have a good evening with popcorn, wine, sweets and chocolate. They also enjoy laughter and good Fun.
